## **Transnationalism Identities' Dynamics and Cultural Diversification in Urban Post-migratory Situations**

### **TRICUD Final International Conference**

#### **PROGRAMME**

**14, 15 & 16 May 2014**

**Salle des Professeurs (room of Professors), Université de Liège**

9 Place du 20 Août (first floor), 4000 Liège, Belgium

The TRICUD programme (2010-2014) is a multidisciplinary research programme involving 3 research centres based at the Institute of Human and Social Sciences of the University of Liège : the CEDEM (Centre for Ethnic and Migration Studies) - coordinator, CLEO (Centre for the Study of Public Opinion) and PÔLE SUD (Pôle Liégeois d'Etudes sur les Sociétés Urbaines en Développement). The principal objective of TRICUD has been to better understand how migration transforms both sending societies in the South and receiving societies in the North. Migration has also prompted the formation of transnational social spaces connecting home and destination countries. This phenomenon has been observable between Belgium and firstly, the Democratic Republic of Congo and, secondly, Morocco (two strategic case-studies).

The Conference will be held mainly in English. Participation to the conference is free but **registration** is mandatory before 1<sup>st</sup> May 2014.
