

CROSS-BORDER ACCESS TO E-EVIDENCE:

Achieving the right balance between more effective law enforcement and fundamental rights

INVITATION

Tuesday 15 May, 12.30-14.30

A light lunch will be served, after which the discussion will start at 13.00.

The European Cloud Alliance and BSA | The Software Alliance are delighted to welcome policy experts for a timely roundtable discussion on cross-border access to electronic evidence, with:

- **Cathrin Bauer-Bulst, Deputy head of unit “Cybercrime” at DG Home, European Commission**
- **Jana Bambič, Justice and Home Affairs Counsellor, Slovenian Permanent Representation to the EU**
- **Thomas Boué, Director General EMEA, Policy at BSA | Software Alliance**
- **Prof. Dr Vanessa Franssen, University of Liège / KU Leuven**

In a conversation moderated by **Kim Gagné**, the ECA’s Executive Director, they will explore, along with **experts from the academia, the EU institutions and the industry**, how the Commission’s legislative proposal on e-evidence can respond to legitimate needs of law enforcement authorities in the digital age, while ensuring trust in cloud-based services by upholding fundamental rights.
