The authors apologize for a typing error that occurred in the September 2020 article that changes the meaning of a sentence.

*Correction:*

Page 921, right column, 2nd paragraph, line 8, change «match» to «watch» so it reads, «Primary care providers should watch for frailty development due to physical inactivity during the COVID-19 pandemic (47).»

In addition, the author listed as “C. Won Won” wishes to be known as “C.W. Won.”
