Evidences of Truth: Francisco Rodrigues SJ (c. 1515–1573) and Normative Knowledge Production in Portuguese Asia

11-13 SEP 2024 | TURMCARRÉE & ONLINE | RÔMULO EHALT

Drawing upon the outcomes of previous workshops, this event will gather academics from Germany, Portugal, Brazil, Spain, the United States, France, Belgium, China, and Japan to discuss their contributions for the imminent volume dedicated to the writings of Francisco Rodrigues SJ (c. 1515-1573). A professor, canonist, confessor, rector, and provincial active in sixteenth-century Portuguese Goa between 1556 and 1573, Rodrigues authored numerous casuistical texts that have significantly impacted successive generations of confessors across Iberian Asia.
